

Stop the Scams

Proven Methods for Avoiding Common Scams

Please print and post on Refrigerator or other common places.

#1 - Do not become involved online with anyone you do not know in Real Life. Block people who try to befriend you.

#2 - Do not discuss or become financially involved in ANY way with anyone online.

#3 - NEVER have conversations on Signal, Telegram or any platforms that others suggest you “move conversation to”. Remove these programs from your Phone or Device.

#4 - If the Advice or Link to Advice has anything to do with Facebook, Youtube, Telegram, Signal, Twitter, WhatsApp, Instagram or another other Social Media or messaging program - it is a SCAM. Only use well known Domestic & Regulated Brokerages like your bank, Fidelity, Vanguard, etc. with decades of history and experience.
